TO THE PATRONS
OF STONEWALL ROLLER MILLS

This is to advise you that I have sold my Mill property to Mr. G. W. Campbell, and those of you who have flour or wheat in mill and wish to re-check your account with me personally, I will be glad to do so any time within the next 20 or 30 days, at which time my responsibility to you will end.Mr.Campbell will be glad to continue storing your wheat for you. I wish to thank each of you personally for your liberal patronage.

Very truly yours,
J. THOS. ALMOND.

Candidate's Card

To the Voters of Stonewall Magisterial District: I herewith announce my candidacy as Supervisor of Stonewall Magisterial District of Appomattox County, subject to the Democratic Primary of August 3, 1943. Your vote and support will be greatly appreciated and if elected I pledge my active efforts in behalf of the interest of the district and county.
Respectfully,
P. Brent Stratton.

Saving waste fats and greases is more important than ever these days. Strained to remove solids, they are made into ammunition for America's soldiers. IN MEMORIAM

In memory of our dear mother, Mrs. Florence W. Coleman, who died three years ago, June 14, 1940.

I cannot say, and I will not say
That she is dead, . She is just away!
With a cheery smile, and a wave of the hand,
She has wandered in o an unknown land,
And left us dreaming how very fair
It needs must be, since she lingers there.
And you, . O you, who the wildest yearn
For the old-time step and the glad return,
Think of her faring on, as dear
In the love of There as the love of Here;
Think of her still as the same, I say:
She is not dead, . she is just away!

TO THE DEMOCRATIC VOTERS OF APPOMATTOX COUNTY, and TO WHOM IT MAY CONCERN:

Whereas, on April 10th, 1943, a resolution was adopted by the Democratic County Committee of Appomattox County, providing for a Primary Election to nominate candidates for County and District officers of Appomattox County, and also providing that all candidates for nomination for County and District Offices, as well as members of the Legislature of Virginia, should give notice of their candidacy, to the Chairman of said County Committee, as provided by law, on or before sixty days prior to the date of said primary, and

Whereas, the following persons for the offices set opposite their names, are the only candidates in said county who have filed their notices, according to law, and in compliance with said resolution, to-wit:

For Commonwealth Attorney, W. M. Abbitt
For County Treasurer, R. L. Burke
For County Clerk, C. W. Smith
For Sheriff, H. W. McKinney
For Commissioner of the Revenue, J. H. O'Brien
For Clover Hill District Officers:
For Supervisor, F. A. O'Brien
For Southside District Officers:
For Supervisor, George Abbitt, Jr.
For Justice of the Peace, T. W. Moses

Now, therefore, I, W. M. Abbitt, Chairman of the Democratic Executive Committee of Appomattox County, by virtue of the provision of the Democratic Party Plan, hereby declare aforementioned parties to be the Democratic Nominees for the offices set opposite their respective names, except for State Senate and Member of the House of Delegates, who have been by proper authorities declared the nominees, to be voted for in the General Election to be held on Tuesday Nov. 2nd, 1943, and as such nominees entitled to the support and votes of all Democrats, the same as if they had been chosen in a primary election, and

Whereas, more than one candidate for the office of Supervisor in Stonewall District have filed their notices of candidacy with me, as provided by said resolution aforesaid, their names and the offices for which they are candidates respectively, will be certified by me as provided by Sec. 230 of the primary law to the Electoral Board of Appomattox County, to be by it printed on the primary ballot.

Given under my hand this 7th day of June, 1943.

W. M. Abbitt, Chairman
Democratic County Executive Committee of Appomattox County.

IN MEMORIAM

In loving memory of our dear father, Milton R. Reynolds, who died six years ago, May 27; and our dear mother, Cornelia Reynolds, who died six years ago, June 12.

Spring brings sad memories,
Of our loved ones gone to rest,
We who think of them today
Are the ones who loved them the best.

They wore a crown, of patience,
Through the years they struggled on,
Those hands that rest forever,
Are the hands that made our home.

Sad and sudden was the call,
Of ones so dearly loved by all;
A bitter grief, a shock severe,
It is a to part with our loved ones so dear.

Sid Conner, of the Navy, has been visiting his parents, Mr. and Mrs. D. A Conner.

Mr. and Mrs. D. T. Goin, of Route 2, have been notified that their son, Pfc. John H. Goin, has arrived safely overseas.

Mrs. T. M. Trent received a cable yesterday that her husband was well and safe somewhere on foreign soil.

Cpl. R. L. Burke, Jr., who has been stationed at Salina, Kansas, has received an honorable discharge and has returned to his home here.

Pvt. Tyler Garrett, of Spout Spring, is stationed in Hawaii.

FARM ACCIDENTS TAKE HEAVY TOLL

Farm accidents each year take a terrible toll in life and decreased efficiency. More than 4,000 persons were killed and about 225,000 injured while engaged in farm work in 1941, the last year for which a complete estimate is available. Of the injured, about 15,000 were crippled for life.

In most areas machinery causes the greatest number of accidents, with tractor accidents heading the list. Injuries from animals are second.

In 1943 farmers will be working harder to meet wartime production goals and will get along with more inexperienced workers and often with old machinery and if every precaution is not taken the number of accidents may increase, says the AAA.

Boyd Ranson, of the Navy, is stationed at Bainbridge, Md. He is the son of Mr. and Mrs. S. C. Ranson.

Calls Mass Meeting For Strike Resolution

Mayor C. S. McDearmon has called a mass meeting of citizens for 8 P. M. tonight, Thursday, at the court house, to consider resolutions to send to Washington regarding the strike of 500,000 coal miners, Mayor McDearmon stated that several local citizens had requested that some action be taken to give expression to local sentiment on the "John L. Lewis issue."

It is a foregone conclusion that the mass meeting will be for strong resolutions of action against wartime strikes. The coal strike comes at a moment when hundreds of thousands of American soldiers are poised at bases ready to sacrifice their lives . at soldier's pay with no overtime , in an attempt to land on the Nazi-held continent of Europe.

Perhaps some action will be taken in the coal strike crisis at the hour of tonight's mass meeting, in which event any resolutions adopted would probably be aimed at a firmer labor policy.

CHESTER DAVIS CITES IMPROVED FARM YIELDS

The purpose of the first Triple-A was to help save the nation from the consequences of farm bankruptcy, brought on by huge surpluses and depressed prices, but the cooperative production program it gave to farmers is proving to be among the most important factors in maximum wartime food production, said Chester C. Davis, administrator of the War Food Administration, in commenting on AAA's tenth anniversary May 12.

Since the start of the conservation phase of the program yields have increased in a startling manner, he continued. The average per acre yield from 1937 through 1942 was 20.4 per cent above the 1923-32 average. Food output in the farm program decade exceeded production in the pre-farm program decade by over 8 per cent. Though the farm population last year was considerably smaller than in 1918, the total farm output was 41 per cent greater, and 12 per cent above any previous year in American history. Starting in 1937 and continuing through 1942 we have had 6 years of record-breaking food production.

The impressive records of recent years resulted in part from favorable weather, and in part from hard work and skillful planning by millions of farmers working through the national farm program, Mr. Davis stated. The program enabled them to convert their crop and livestock schedules to the needs of war in the past two years. The nation may count on their continuing to use the unifying force of this program to help meet wartime needs, as they are used in peacetime to balance the national economy, and build basic soil resources.

"In 1942. American railroads carried 638 billion ton-miles of freight or a third more than in 1941, with one quarter fewer freight cars than were in existance in 1918.

Arrested For Gas Book Larceny

A jeep to have you license number written in ink on all gas ration stamps for cars or trucks in your possession. A case in point came up in trial justice court here yesterday, when a defendant, one Charlie Skates, was convicted on charges of larceny of T ration stamps from a local merchant's stamp books. He was given a fine and 90 days. The stamps were traced and identified by the truck license number written on the back in ink.

USDA DEVELOPS A WARTIME DAIRY BARN

Plans for a dairy barn that uses minimum quantities of critical materials have been developed and farmers who are interested should write to the U. S. Department of Agriculture, Washington, D. C. for the leaflet, "A I Wartime Dairy Barn," says AAA.

Heavy action expected on the Russian front.

W. M. S. MEETINGS

Due to gas difficulties, the June meetings will not be held at the home of Mrs. George Dixon. Instead, the two Circle meetings will be held at the Liberty Baptist Church on Wednesday, June 23rd, at 2:30 P. M. Immediately following, the regular monthly business meeting will be conducted by the president, Mrs. H. Frederick Jones, and the program, with "The Victorious Witness of Christian Youth" as the topic, will be presented by Mrs. W. J. LeGrand.

Churchill concludes conferences with Roosevelt in Washington.

NEW POINT CHART FOR RETAILERS JUNE 4

All retailers are notified that a new point chart for rationed meat, etc. will be available at post offices June 4th. The new chart of point values will become effective June 6.

Farmers selling butter are again reminded that an 8 point stamp is to be taken from the purchaser for each pound of butter sold, and the stamps so taken turned in to the ration board monthly. The point value of butter remains at eight points per pound on the new chart which is effective June 6.

Registrants to Leave Saturday

The official draft call for Appomattox County is for 20 white registrants on June 5, and for 47 Negro registrants on June 16, it was stated at the office of the Selective Service Board.

The following registrants are scheduled to leave here on Saturday morning for the induction station at Richmond as part of the June Selective Service call for this county: Anderson Shelton (deceased today). This is a departure from past procedure when community committees men measured farms or reporters were employed by the county association.

"We expect to save money, tires, gasoline and the time of persons who otherwise would be engaged in farm production," said W. T. Nash, chairman of the committee. "This plan is being put into practice over the entire nation. Farmers in this county can certainly measure up to the standards of producers in any other county for accuracy and efficiency."

Payment and Goal Crops

Each farmer will measure his acreage of crops on which a payment may be made under the AAA program, and be prepared to report to the county office.

Marketing quotas under the 1943 program are in effect on cotton, flue-cured, fire-cured and burley tobacco only, Mr. Nash said, but war crops such as peanuts, soybeans for beans, sweet and Irish potatoes for market, and certain vegetable crops for processing must be reported to determine whether goals were met. Commercial truck crops and Irish potatoes for market must be measured to determine truck crop and Irish potato payments.

"The simplest procedure for a farmer to follow is to determine each crop acreage before it is planted, and then stay within the acreage," Mr Nash said. Community committeemen will assist farmers in making reports, review them, and measure acreages on a certain per cent of the farms in their communities as a check. In cases where errors are plainly evident committeemen will make special checks.

REPORT ON BUTTER SALES

Reports on sales of butter by farmers are due for May at the ration board office not later than June 15.

Let us do your job printing.

Extend "T" Gas Books

The Office of Defense transportation has effected a 40 per cent cut in transportation mileage allocations by extending second quarter "T" coupons from June 30 to July 25, the Virginia USDA War Board has been advised. Third quarter coupons will not become valid until July 25. This action was taken to help meet the general gasoline shortage and as a part of the program to insure a supply of fuel for non-highway farm uses.

Darden Asks Gas Saving

Richmond, June 2, (By VPA)- Governor Darden has called upon Virginia motorists to curtail their driving to the utmost in order to conserve every possible drop of motor fuel during the current gasoline drought on the Eastern seaboard.

The Governo's appeal was made following receipt of a telegram from OPA Administrator Prentiss Brown enlisting the Governor's aid in the conservation of gasoline. "I do not think it is possible to overemphasize the gravity of the gasoline situation," the Governor stated in his appeal to residents of the Old Dominion.
